FRIENDLY REMINDER:

Tenants must report any infestations of rodents, bed bugs or cockroaches to SRHA promptly. If the SRHA determines pest control activity is required to eliminate any pests the SRHA will issue a notice in writing to the tenant of the date and time of the pest control activity. If the tenant does not contact the SRHA at least 48 hours prior to any scheduled pest control activity and fails to prepare the unit for pest control activity or denies access to the unit at the scheduled time, the tenant shall be responsible for payment to the SRHA of the cost of the pest control and the cost of rescheduling the pest control activity.

PREVENTATIVE MEASURES: *Clean your home regularly, especially the kitchen and dining room areas. Eliminate crumb and food particles by cleaning messes immediately. Store food properly so cockroaches and mice do not have access. Reduce Clutter in your home to prevent cockroaches and bed bugs. Control moisture, check for leaking faucets or pipes. Take out your trash regularly. Seal cracks and gaps around your doors and windows to prevent any pest entrances. Use furniture coverings to help avoid bed bugs as well as carefully using shared laundry facilities.*

It is your responsibility as a Tenant to follow all policies set forth by the SRHA.
